

Welcome to Engineering With Nature® An Atlas, Volume 2

BOOK LAUNCH CEREMONY

April 7, 2021 at 10 am CDT US, 3:00 pm UST

WE WELCOME YOU
TO RECOGNIZE THE PUBLICATION OF

Engineering With Nature® An Atlas, Volume 2

This book showcases 62 projects from around the world that illustrate the principles and practices of engineering with nature. The atlas was developed to communicate the diversity of projects, contexts, and organizations that are advancing worldwide progress in the field.

We appreciate you being part of this launch and hope that you are inspired by the beautiful projects in the atlas and the many benefits that can be achieved by Engineering With Nature®.
